

A mobile scanner perfect for the mobile professional

Features:

- Scan document up to Legal size (8.5 x 14 in., 216x 356 mm)
- Press and scan to cloud servers via the bundled software Button Manager V2
- LED light source requires no warm-up time
- Scan documents (60~107 g/m²,) and plastic cards (up to 0.8mm)

Small and lightweight

Measuring only 291 x 67 x 40 mm(11.5 in x 2.6 in x 1.6 in.) and weighing a mere 370 grams, the MetaMobile 10 series push the limits of size and weight for extreme mobility while delivering smooth full page document scanning.

MetaMobile 10 series are small enough to be packed with your laptop and share your documents from just about anywhere, anytime.

A Mobile Scanner Suited for Document and Cards

Thanks to the advanced straight paper path and image processing technology, documents with various sizes and weights can be scanned, appropriately cropped, deskewed, and ready to use. The MetaMobile 10 series accept paper size from receipts (2.5 x 2.5 in.) to business document (8.5 x 14 in.) and feed paper weight between 60 and 107 g/m² (16~28 lb.) What is best, the MetaMobile 10 series are able to digitize embossed hard cards such as ID cards, credit cards, driver's license, and health insurance card up to 0.8 mm in thickness.

Find Your Document Quickly

Why wait until you get back to the office to organize that stack of paper in your briefcase? MetaMobile 10 includes a powerful suite of bundled software designed to help you organize and find the information important to you.

Earth-Friendly LED Technology

The MetaMobile 10 series deliver outstanding performance. However, it is earth-friendly at the same time. The LED technology requires no warm up time and is lower power consumption. In addition, the MetaMobile 10 series provide auto shutdown after inaction for 15 minutes to save your power.

Share Information Simultaneously with Your Team Members or Clients

Once all of your documents are scanned and organized, you can easily send them and share the valuable information they contain with your team, clients or headquarters. When you scan documents into a searchable PDF format, that information can be shared with anyone and quickly found later when it is needed. Much easier and faster than sorting through that stack of crumpled paper in the bottom of your briefcase!

What we have bundled

The MetaMobile 10 series come with Avison Button Manager V2.

MetaMobile 10

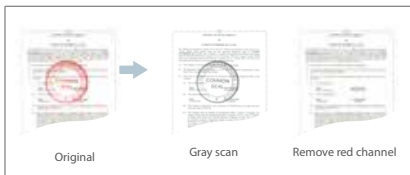

Advanced TWAIN Driver

Avision's easy-to-use TWAIN driver provides various useful features such as auto color detection, color matching, to enhance your image quality and improve your productivity.
